

Learn Landscape Lighting Installation and Boost Your Profits!

These one day factory authorized and sponsored "hands-on" seminars will equip you with all of the knowledge and skills needed to become a Landscape Lighting Installer.

Landscape Lighting is the fastest growing segment in residential landscaping services!

This seminar is conducted by certified CAST factory representatives.

What you will learn:

- Lighting design
- Fixture selection
- Wiring and splicing
- Transformer set-up
- Voltage measurement
- Sales and marketing techniques
- Estimating and bidding
